### Before getting started

**WARNING!** The product must be installed by a qualified electrician in accordance with all applicable regulations and building codes. Improper wiring can result in personal injury or damage to control units or other equipment. Always turn off circuit breaker or remove main fuse from power line before doing any work. To avoid overheating and possible damage to equipment.

**WARNING!** Do not operate control units with any lamps removed or burned out; replace any burned out lamps immediately; use only transformers that incorporate thermal protection or fused primary windings. ! The product is designed for residential and commercial use, for indoor use only.

**WARNING!** Install in accordance with all national and local electrical codes.

**IMPORTANT!** Citygrow® is not liable for any damage incurred with the misuse of this product.

**IMPORTANT!** Pre-setup can only be done by a professional worker or manufacturer agent.

### Installation instruction

#### Case 1: Install the product on a wall box

#### Case 3: Using double side tape to fix the Button Panel directly on smooth or glass surface.

#### Case 2: You may want to mount the product where a wall box is not available. In this case you can use the provided metal clip to fix the Button Panel directly on wall or wood surface.

#### Details:

1. For detail operation and specification, please refer to user manual and product specification.
2. For detail programming of the product, please refer to HomeNET Planner Software user manual.
