

Specifications

Item	Specification
Power Supply	CG101AD Mini power supply, DC6V
IR transmission	By using provide IR head
Best IR learning distance	15 to 80mm from the internal IR learn LED
Maximum storage for IR learning code	60 codes
RF frequency	2.4GHZ
RF control distance (M, line of sight)	100M
Dimensions mm (Length x Width x Depth)	50mm x 34mm x22mm
Recommended operation temperature	0 to 40 degC
