

**Product Specification**

CG120H1  
1-Scene FLEX Control Plate

CG120H2  
4-Scene FLEX Control Plate

**Description**

- CG120 Series is specially designed for DIY installation.
- Highly flexible.
- ZigBee wireless remote control.
- Based on IEEE 802.15.4.
- 2.4GHz radio frequency.
- Remote control function.
- Fully compatible with CityGrow switches and dimmers.
- Battery operated (AAA battery x 2 pcs).
- Low battery sound notification.
- Screw mount or tape mount.
- Plate button can perform two-way function.
- Plate button can perform scene control function.
- Button graphics can be customized.
- With CG102BS-R Base Station, all devices support iOS/Android App control.
- Easy to install.
